CERTIFICATION OF CPNI FILING – February 6, 2006

EB-06-TC-060  
EB Docket No. 06-36

STATEMENT OF PROCEDURES

ADOPTED BY  
U.S. TELEPACIFIC CORP. D/B/A TELEPACIFIC COMMUNICATIONS  
TO ENSURE COMPLIANCE WITH THE  
FEDERAL COMMUNICATIONS COMMISSION  
RULES AND REGULATIONS REGARDING THE PROTECTION OF  
CUSTOMER PROPRIETARY NETWORK INFORMATION

U.S. TelePacific Corp. d/b/a TelePacific Communications ("Carrier") has established operating procedures that ensure compliance with the Federal Communication Commission ("Commission") rules and regulations regarding the protection of consumer proprietary network information ("CPNI").

- Carrier has implemented a system whereby the status of a customer's CPNI approval can be determined prior to the use of CPNI.
- Carrier has implemented a process whereby it educates and trains its personnel, including sales agents, regarding the appropriate use of CPNI. Carrier has established disciplinary procedures should any of its personnel violate the CPNI procedures established by Carrier.
- Carrier has implemented a system whereby it will maintain a record of any sales and marketing campaigns that use its customers' CPNI. Carrier has implemented a system whereby it will maintain, for a minimum of one year, a record if there are any instances where CPNI was disclosed or provided to third parties, or where third parties were allowed access to CPNI. The record would include a description of each campaign, the specific CPNI that was used in the campaign, and what products and services were offered as a part of the campaign.
- Carrier has established a supervisory review process regarding compliance with the CPNI rules with respect to outbound marketing situations and has implemented a system whereby it maintains records of carrier compliance for a minimum period of one year. Specifically, Carrier has implemented a process whereby its sales personnel obtain supervisory approval of any proposed outbound marketing request for customer approval regarding its CPNI.
